Personal.

The publisher of the Democrat, C. E. MITCHENER, on the day of the receipt of Gov. Tod's call for thirty thousand six months' volunteers, issued a circular to get up a company. On Tuesday last they proceeded to Camp Chase, numbering about seventy, as we learn, altogether. The editorial management of this paper will, therefore, be under the supervision of C. H. MITCHENER, and all other business connected with the office will be attended to by FRED. WALTER, the Foreman.

A number of announcements of candidates have been handed in, and we put them in alphabetical order to save room.

We call public attention to the circular touching aid for the gallant 80th and 90th Ohio. Let every friend help a little.

R. C. McBeth, Esq., whose name has been handed in, requests us to say that he declines being a candidate for Prosecuting Attorney.

Surgeon Buell, of the 80th Ohio, arrived yesterday from Vicksburg. He reports the regiment within 2 miles of the Court House, in an advanced position, right under rebel batteries; boys in good health and spirits. Dr. Buell has been continuously with the regiment since December, 1861.

Republican Mass Meeting and Governor Tod.

The Republican mass meeting on Saturday last was well attended, and that was the only part of it successful. Neither Mr. Bingham nor Gen. Carey showed themselves. They were both candidates for office at the Republican State Convention, and were both badly beaten by their own party. Therefore when there was no longer any chance for office they declined serving the party as stumpers. Not so, however, with Gov. Tod. He had been invited here by the Republican Committee to speak. That Committee afterwards called a County Convention which sent six delegates to Columbus, and three of those delegates voted square against the Governor's re-nomination, notwithstanding he was then their invited guest to speak at New Philadelphia. Such shabby conduct would have disgusted any man, and must have disgusted the Governor with Republican gratitude. But still his word was out, and he came up to it like a man, and made them not a Republican speech, but a war speech, to which no Democrat took any particular exceptions, at the time. As far as the Governor mingled with, or talked about Democrats, he treated them like men having as much at stake in preserving this Union as the Republicans have, and he called on all parties to cease their bickering, and all pull together for the Union. Herein Gov. Tod set an example of moderation and good judgment that the Republican leaders needed, and they might profit by it, but like the Bourbons, they never learn or forget anything.

After the meeting was over a fight ensued, and Maj. Stambaugh, as Prosecuting Attorney, commanded the peace, and while endeavoring to enforce the law, was beset and beaten by some of the Republicans in the crowd, and a stone thrown at him which would have killed, had it hit him. Although the fight did not begin in politics, it merged into a political fight, but was finally quelled, and thus ended the Republican mass meeting.

A Word to the Boys in the 51st Ohio Regiment.

Some of the Republican officers in the 51st Ohio have been getting their Republican boys to send to us to publish, some more resolutions, calling Democrats "Traitors," "Bastards," &c.—It is placing the poor boys under them in the position of warring their best friends at home. It is well known that had it not been for Democrats some of the families and relations of these Republican boys could not have got thro' the winter without suffering. Moreover Democrats are all taxed to support these Republican boys and officers in the army, and the soldiers must feel mean when compelled to slander those who help to feed and clothe them and their families.

We will tell the soldiers what to do. Here in the North we are all paying one-fourth our earnings to support soldiers' families. The civil officers do the same. Now let the privates of the 51st get together and pass resolutions requesting their officers to give one-fourth of their big salaries to the support of the families of the private soldiers. The taxes and burthens would then be near equal, and the poor women and children fare better. There is no justice in a lot of officers pocketing from \$1,200 to \$3,000 each a year, while the hard working people at home, who are taxed to pay it, cannot make over \$300 or \$400 a year, and the poor soldiers who do the fighting get but 40 cents a day. Therefore let the soldiers see that their officers give one-fourth their salaries for the support of the soldiers families at home.

And in the mean time let the soldiers of the 51st and all other regiments remember that the Republican party is falling to pieces, while the Democratic party is now the rising party in this country—and the only one that can ever end this war honorably. You will find that out as sure as you live. You may further rest assured that if ever you all get safe home to your families with honorable discharges, it will be through the patriotism and the influence of the Democracy of the North.

Hurry Up the Six Months Volunteers.

On Monday the Military Committee of this county received the following dispatch:

COLUMBUS, O., June 22, 1863.

To Mil. Com. New Phila., O.:

Dispatches from Gov. Pierpont and Gen. Kelley render it quite certain that our eastern border will be invaded unless promptly prepared to repel it. Leave nothing undone to stimulate recruiting in the six months' service. I don't think these troops will be wanted more than fifteen or twenty days, but I am not authorized to accept any for a shorter period than six months. They shall be discharged from service at the earliest moment practicable. You had better meet the enemy at the river than at your own doors.

DAVID TOD, Governor.

We cut the following from the Ohio Statesman of the 24th inst.:

CAPT. MITCHENER, editor of the Ohio Democrat, at New Philadelphia, who has seen service in the Army of the Potomac, arrived in the city last evening with a fine, full company of volunteers for the six months' service. This, we believe, is the first company which has reported in *propria persona* at headquarters under the late call. The Tuscarawas boys have a way of doing things in earnest that might be profitably imitated by the boys of other counties.

The Rev. Ford has been engaged in getting recruits at Uhrichsville, and Mr. Wolf has some forty at New Comerstown, and a Mr. WILSON some twenty at Sandysville, and the Rev. V. P. WILSON, of the Advocate, has out a handbill for a company. That's right. If they all go to work in earnest they can soon each have a company. The Governor wants them all.

Payment of Troops in Advance.

General Orders state that every soldier who hereafter enlists, either in the regular army or the volunteers, for three years or during the war, may receive his first month's pay in advance, upon the mustering in of his company into the service of the United States or upon his joining a regiment already in the field.

Rothschilds & Bros. have on hand a large assortment of choice summer goods. If you wish to make profitable purchases, call on them.

LADIES' SOLDIER'S AID SOCIETY.

NEW PHILADELPHIA, TOS. Co., Ohio,

June 23, 1863.

Owing to the fact that a number, in

the goodness of their hearts and anxiety

to do something to show kind feelings

and cordial sympathy towards your sons

and brothers in the army, have, at con-

siderable expense, on different occasions,

prepared and sent by Express, box after

box to the boys in the Regiments

named, with the charges paid through;

and in reply to our letters giving infor-

mation of the fact, have received, in many

instances, the answer that not one

pound sent has come to hand; while at

the same time our boys write that the

Regiments from Indiana, Illinois and

Iowa are frequently receiving from their

friends at home, through their Agents,

everything that a soldier could desire to

make him comfortable, and especially to

know that they are not forgotten by their

friends.

In order that this charge shall no

longer exist in the regiments named, and

that all their friends may co-operate in

this, our good work; now, therefore, be

Resolved, That, inasmuch as Governor

Tod has kindly offered to furnish trans-

portation for all articles we may wish to

send to our boys in the field, and to pay

transportation of the agent to be sent

along with the articles furnished, and

who shall see to it that the boys get ev-

ery box as directed: We now, therefore,

appeal to all our sister Aid Societies

within the counties named, together with

all friends of the boys in the field, and

especially to all parents, sisters and

brothers of the boys in the regiments

named, to co-operate with us in furnish-

ing such articles as will gladden the

hearts of our brave boys. And be it fur-

ther

Resolved, That everything prepared

for this good work shall be of a substan-

tial nature, and that everything of a per-

ishable nature, in a warm climate, must

be excluded. And be it further

Resolved, That we hereby appoint

John S. Hull as our agent, and we hereby

request of him that he will co-operate

with our Corresponding Secretary in

aiding us in this our good work. And

be it further

Resolved, That we name the 6th day

of July next as the day of receiving all

articles furnished near and beyond Can-

al Dover and this place; at Uhrichsville

on the morning of the 7th; at Bowers-

ville on the evening of the 7th; at all

points on the R. R. below Uhrichsville

to Dresden, on the morning of the 8th

of July; and be it further

Resolved, That the proceedings of

this meeting which, relate to this object

be furnished to each of the county pa-

pers within the district named, with the

request that they be published.

President, pro tem.

Miss SALLIE BAKER, Sec'y.

Negroes Good Enough for Poor

White Girls.

It is reported that a preacher in one

of the Townships of this county last Sab-

bath took occasion to say in his sermon

that negroes were good enough for Poor

White Girls! If it is true, as Mr. IN-

GALLS on Saturday last said it was, that

negroes are superior to VALLANDIGHAM-

ERS, they are not only good enough for

poor white girls; but they are good

enough for the patriotic daughters of

Abolitionists.—Ohi. Adv.

Drafted Men and the Enrollment.

COLUMBUS, OHIO, June 17.

To the Press of Cincinnati:

The following is a copy of a dispatch this moment received from the Secretary of War:

"Gov. Tod: The men who volunteer under the President's recent proclamation will remain liable to enrollment and draft, but if drafted they will receive credit for the time they serve under the special call."

[Signed] "EDWIN M. STANTON,"

"Secretary of War."

Recruiting Commissions are not issued for the six months' service; all volunteers will proceed in squads to their camps of rendezvous and there organize. The wishes of the men thus organized as to who shall be their officers will be respected.

DAVID TOD, Governor.

ABUSES OF NEGRO SOLDIERS have increased to such a prodigious extent in Washington, that a Military Commission composed of nine officers is in constant session at the corner of Pennsylvania Avenue, examining cases of assault, &c. on the black soldiers, and punishing the white soldiers for their singular conduct towards these people.

Heavy Defalcation.

Mr. Thomas S. Page, late Auditor of Kentucky, now candidate for that office on the "Union" ticket, has proved a defaulter to the amount of \$80,000.

This is a good recommendation to his party.

Hon. C. L. Vallandigham

Has run the blockade from North Carolina, and is en route for Nassau. So says the telegraph.

TO TEACHERS.

The Board of Examiners will hold a special Examination on Saturday, June 27th, inst.

By order of the Board.
